541330,541340,541350,  
541370, 541620

## Why MAC?

In 1976, the late Robert J. (Bob) MacArthur founded MacArthur Associated Consultants, LLC (MAC) based on the principles of trust, integrity and unparalleled customer service. From the beginning, Bob envisioned a different kind of company – a place where professionals truly enjoy and have fun coming to work. This passion for what we do and how we do it defines “The MAC Way”. MAC has grown to be a full-service civil engineering and survey firm with a team of over 40 innovative Oklahoma-based professionals who are encouraged and inspired to dream fully and never be satisfied with the status quo.

***We Love What We Do And We Have Fun Doing It!***

## Differentiators

Our vision is to serve our clients by consistently delivering superior services, to diversify and expand our capabilities, to differentiate ourselves as unique in the market place, and to grow and challenge our employees.

For over **45** years, MAC has supported the design and maintenance of military facilities where our service members and their families train, work, live and play.

MAC has successfully completed over **2000** projects, while diligently serving our clients and endeavoring to positively shape our community's future.
